GREY

29.5

Blue remains in the lead but Day 4 determines the winner. Some good performers on day 3 were Kirby Krupka who turned back time and putted like the old Kirby. Team Titanium (Morris & Horneland) earned 2 ½ points prompting Charles Rodgers to schedule surgery “on something” in hopes of better performance. Kevin Long showed he may be human as he gave up a ½ point. Pudwell played “as best as he can” today. There are some stellar matches set for Friday. A yappy Lincoln Carriere got his wish and will play K. Chrenek. Both are motivated to win to say the least. The first three days have been thoroughly enjoyable and Friday will no doubt be the same. Enjoy the day and the company to golfers and stop to acknowledge how lucky we are to be in this fantastic place with such fantastic people.

Remembering Two BlueGrey Pals

The Gazette would be remiss not to mention the passing of two BlueGrey greats. **Ken Chomyc** was the first captain of Team Grey and led his team to victory year one in true legendary Chumley fashion. **Rod Jordan** was a long time member of the BlueGrey playing on both sides throughout his tenure. His easygoing manner, great sense of humour and a penchant for the sauce made him a fantastic person to be around. We miss them both
